

## Officer CC

### Introducing players with a disability into a mainstream Club environment

Officer CC took the opportunity to expand their membership base through integrating their “No Boundaries” disability cricket team into the mainstream Club.

To introduce the “No Boundaries” team into the Club, a family participation day was organised to familiarise members with the ‘No Boundaries’ modified form of the game.

The family day involved all sectors of the Club, senior players, junior players, the ‘No Boundaries’ team members, parents and partners.

The day was such a success it is now an annual event.

Benefits derived by introducing the “No Boundaries” team into the mainstream Club environment included:

- Increased membership
- Increased volunteers
- Enhanced relationship with Local Council
- Improved image within the local community

*\* “No Boundaries’ is a cricket competition consisting of players with a disability representing various areas of Gippsland.*

*\* The rules in “No Boundaries” cricket change depending on the batter/bowler and his/her disability*
