

Croydon North CC

Involving the community through Twenty20 Cricket

Croydon North CC decided to offer more opportunities for its members and the local community to experience the game of cricket, by hosting annually an Australia Day Twenty20 Cricket match.

Titled the RSL Challenge Cup, the Twenty20 match pays tribute to those who have served our country with Croydon North CC (Representing Croydon RSL) playing Kilsyth CC (Representing Lilydale RSL).

The concept offers participation opportunities to a wider section of the public by involving local RSL branches and it has also built a solid connection between the community and the Club.
