

Pakenham CC

Using cricket as a vehicle to raise funds for charity

Pakenham CC became involved in the broader community by using cricket as vehicle to raise funds for a charity.

The Club hosted a fun-filled Charity cricket game playing against a local emergency services team (comprising fire brigade, police, ambulance and SES members) to raise funds for the Leukaemia Foundation.

The day was full of activities including a BBQ, merry-go-round, lucky-dip, raffle, dunking machine, auction and much, much more.

The highlight of the day was shaving the heads of 15-20 Pakenham CC members to further raise funds for leukaemia research and patient support.

As well as the outstanding achievement of raising an estimated \$10,000 to support the Leukaemia Foundation, the day brought around 300 people to the Club including members, players, their families and the local community.
