

Olinda CC

Forward Planning

In the space of 2 seasons, Olinda Senior CC turned itself around from a position of stagnation to become a vibrant Club with an abundance of junior and senior players and greater participation from members in its off-field activities.

The club re-structure involved:

- The appointment of 2 new senior committee members under the age of 20 years
- The junior and senior Clubs coming together with one committee having representatives from both seniors and juniors
- A 5-year plan which has given the Club a positive direction and reinvigorated the Club and its members
- Development and maintenance of a Club website by one of the club's younger members

Benefits flowing from these changes in 2 years have been:

- Increased sponsorship from local businesses which has secured the club's financial position and enabled the purchase of a bowling machine and new junior/senior playing tops
- Going from a struggling 2-senior team club to one with 4 senior teams and a senior playing list with in excess of 50 players
- A thriving Milo HAG program boasting 30 kids
