

## East Doncaster CC

### The Milo HAG “Family Day”

**T**hrough the Milo HAG Program, East Doncaster CC has introduced well over 600 children to the game of cricket.

Since the program’s inception, the Club has run a “Family Day” which coincides with the last HAG session of the season.

Group co-ordinators have found the “Family Day” to be a great way for the HAG children and their parents to meet other families that are involved with the Club.

The “Family Day” recognises the efforts of the HAG participants with the presentation of individual certificates and the taking of a group photograph which can be purchased via the club’s website.

Importantly for the Club’s future, the Family Day also enables the older participants and their parents to establish valuable links with the Club’s junior coaches prior to the start of the next season.
