

Eildon Park CC

Community Based Milo HAG Program merged with a Cricket Club

The Eildon Park CC's Milo 'Have A Go' program started as a community based program that eventually merged with the Cricket Club.

The outstanding success of the program following the merger is attributed to the following strategies adopted by the Club:

- Produced a HAG newsletter before the season which is handed out at registration, advising of all dates, times, contact details
- Developed a HAG program information page on the club's website
- Ran its own 'in-service' session for parents and volunteers
- Opened up the 'in-service' session to other HAG groups in the region
- Provided a free BBQ's to all participants and parents
- Recognised volunteers with a plaque commemorating their efforts on presentation day
- Gave trophies to all HAG participants with their certificates
