

## Footscray Edgewater CC Operation Past Player

### PURPOSE:

1. To increase the awareness of past players amongst the squad of current players.
2. To enhance the strong club tradition at the Footscray Edgewater Cricket Club.

### INTRODUCTION:

It is anticipated that you as a current player will work towards finding out as much information about your nominated player as possible. Your findings are to be used to form the basis of a presentation to the rest of the squad where it is hoped we can all benefit from the information you gain.

### WHAT WE WANT:

We are interested in finding out about them as people, any advice they may have, other peoples stories about them, games played, interesting exploits, what the FCC meant and means to them, favourite players, best opponent, what is their cricket interest today, favourite club moment, any statistics and other relevant interesting information.

### TO ASSIST YOU:

To achieve this task you may want to seek out older members of the club, scorebooks, the internet, approach committee members, call the actual past player and follow any other leads.
