

CRICKET VICTORIA COVID-19 UPDATE #29 (July 16)

Current COVID-19 rules and regulations

As has been widely reported, new restrictions were announced to slow the spread of COVID-19 by reducing the number of people leaving their homes and moving around Victoria. From 11:59pm Thursday 15 July restrictions were put in place across Victoria requiring people to stay home unless:

- shopping for necessary goods and services
- care and caregiving, including medical care, or to get a COVID-19 test
- exercise
- authorised work and permitted study
- to get a COVID-19 vaccination

During this period, no cricket matches, training or cricket related activities can occur. Any form of exercise/training that requires the use of a facility are therefore not allowed. This includes training within cricket nets.

During exercise, you must not travel more than 5km from where you live and limit your outdoor exercise to no more than 2 hours per day. You can exercise with the members of your household or one other friend or family member as long as you both do not travel more than 5km.

Please see the [statement from the Premier](#) and the [State Government Coronavirus](#) website for further detail on the current restrictions.

Look after your families, friends and the wider community and hopefully the return to cricket is not too far away.
