

WOOLWORTHS CRICKET BLAST IMPORTANT COORDINATOR INFORMATION

(ACCURATE AS AT SEPT 29TH)

CRICKET BLAST COORDINATOR WELCOME!

Welcome back to all new and returning Cricket Blast Coordinators for season 2021/22! We can't wait to see young kids participating in Cricket Blast programs across Victoria, and this is all made possible thanks to your hard work and dedication. This two-page document aims to provide you with important information in the lead up to your program beginning. We can't wait to see you and your programs in action this Summer!

RECOMMENDED PROGRAM START DATES

Given the lockdown restrictions currently in place around Victoria, it is highly likely that season start dates for Cricket will be delayed. We will ensure you are provided with the most up to date information regarding the easing of restrictions, and what that means for returning to play and safely running Cricket Blast Centres.

Based on the current advice from the Department of Health and Human Services, we are recommending Cricket Blast programs **start after we reach at least 80% double dose vaccination (currently estimated to be around November 5th)**, to ensure you are running your program in a Covid-safe environment. This start date gives you the ability to run an 8-10-week program with sessions before and/or after Christmas.

With this recommendation in mind, if you are comfortable in running a program prior to this date, you must ensure you are fully aware, and adhere to the restrictions that are in place at the time of your program commencing. ANYWHERE BLAST

Anywhere Blast is an online Cricket Blast program that young blasters can participate in while waiting for their Club based programs to begin!

This free program has been designed to offer young Cricket Blasters the chance to participate in 6 x 20-minute interactive skills sessions in the comfort of their own home/backyard.

We see this as a perfect way for Cricket Blasters to start their cricket journey this year, before transitioning in to face to face programs at their local Clubs.

BLAST APP TRANSITIONING TO COMMUNITY CRICKET WEBSITE

This summer we will no longer be using the Cricket Blast App as a support tool for Coordinators. To ensure Coordinators and parents still have access to the valuable resources that were housed within the app, such as session planning, activity descriptions and videos, we will be transitioning them across to the new and improved Community Cricket website.
